**Re: United States v Capparotta  
11 Cr 817**

**Dear Judge Matsumota,**

The defendant has informed me on several different occasions that he has a medical issue with regard to one of his hands. I have previously observed that the hand appears to be swelled up. I just received a telephone call from his mother in which she informed me that this issue has not been resolved and he is in need of medical treatment. I am therefore requesting that the Court issue an Order to the MDC directing that he be examined by a physician and that they report back to the Court with regard to this situation.

**Yours**
